Tortilla

SPEEDIBAKE

Tortilla

U S E S :

Burritos, Wraps, Pizza's or oven bake to use as an appetiser for dips.

A P P L I C A T I O N :

Tortillas kept frozen can last for up to 9 months, or 4 - 5 days after thawing. Simple to use, just thaw and fill or top to your liking. No further baking is required.

B E N E F I T S :

Reduce waste, only thaw what you need.
Increase your customer turnover by offering fresh product with the added convenience of always having stock on hand to cover those busy periods.
